Clarifications carried over from the above-mentioned decisions are highlighted in yellow.
Further clarifications brought by this decision are highlighted in green.*

ARTICLE 1.4 – SERIES COMPETITIONS – Clarification

1.4.1 Definition

Each Competition will have the status of a restricted international Competition.

"Competition" means any race registered on the annual calendar of the Series, including administrative checks and technical scrutineering, all official practice sessions, whether qualifying or not, the bronze test session, the warm-up if there is one and the race itself. The start and end of each Competition are determined in accordance with Article 2.1.7 of the Code.

Subject to the provisions of Appendix 1 of each Competition (see Article 2.2), the format is as follows:

2 timed free practice sessions each of one hour.

1 Bronze test session of Thirty minutes at least, (as defined in Article 8.1.3)

1 qualifying session determining the starting grid, organised as follows:

- One session of at least 15 minutes reserved for cars of the LMP3 Prom/Am category;
- One session of at least 15 minutes reserved for cars of the LMP3 category;
- One session of at least 15 minutes reserved for cars of the GT3 category;

These three sessions will be separated by at least 5 minutes.

1 race with a duration of 2 hours, except for the Silverstone Competition : 1h50 minutes which must not last less than 1h50 hours. In case of force majeure, the duration of the race may be adjusted by the Committee or by the Stewards at their sole discretion.

No warm-up session will be scheduled in the Competitions, unless otherwise specified in Appendix 1 of each Competition or by decision of the Panel of Stewards on proposal of the Race Director for safety reasons.

Any decision taken by the Michelin Le Mans Cup Committee is not subject to appeal.

In the event of a warm-up session, the list of cars and drivers allowed to take part in the warm-up will be posted after the qualifying practice.

ARTICLE 6.5.4 – TYRE ALLOCATION – Clarification

6.5.4 Allocations

The maximum number of dry-weather tyres that can be used during a Competition is defined as follows:

	Free practices	Qualifying + Race
LMP3		12*
LMP3 Pro/Am		12*
GT3		16*

- For free practice sessions, the count begins from the beginning of the practice sessions.
- For the qualifying sessions and the race, the count begins from the start of the qualifying session.
- To go from the pit lane to the starting grid before the start of the race, the tyres used can be either dry-weather tyres or wet-weather tyres and will not be counted in the allocation.
- **At From the start of a Competition, any dry weather tyres used must be new (except for the Bronze test session as defined in article 8.1.3)**

**Two additional "joker" tires can be used during the season, left to the discretion of the competitor and after declaration to the Technical Delegate. Joker tires may not be reused, at following competitions as joker tires. Once scanned, the joker tire is considered to be part of the competitor's allocation and replaces one previously declared tire. For additional competitors (race by race entry), an additional joker tire can be used at any time during the Competition concerned, left to the discretion of the Competitor after declaration to the permanent Technical Delegate. This allocation cannot exceed two additional "joker" tires during the season.*

The number of wet-weather tires usable during a Competition if not limited. Wet-weather tires may be used only after the track has been declared wet by the Clerk of the Course / Race Director.

ARTICLE 13.2 – RACE DRIVING TIME – Clarification

Article 13.2.3 Driving times required by driver

The minimum driving time per driver during a race is 50 minutes for races lasting 2 hours and 45 minutes for races lasting 1 hour and 50 minutes.
