## DECISION

### Pit Stop Handicap Times calculated from Barcelona for Castellet

After having reviewed the facts of the race from Round 1 in Barcelona, the MLMC Committee identified elements which influence the calculations of Pit Stop Handicap Time (PSHT). The MLMC Committee is therefore not provided with sufficient evidence to determine the imposition of any PSHT for the Le Castellet round.

Therefore, in accordance with Article 6.2.3 of MLMC Sporting Regulations, the MLMC Committee has decided to cancel Decision D09. Consequently, no Pit Stop Handicap shall be applied to any driver for the Le Castellet race.

In arriving at this decision, the MLMC Committee has also considered that under these circumstances the imposition of any penalty would not reflect the intention of the rule.
